

## Who are we?

Integrum is a trusted enterprise technology talent partner that bridges meticulously vetted and curated consultants with clients seeking digital transformation in their Workday ecosystems.

## Key Capabilities

### → Phase 0 Pre-Implementation

#### RFI/RFP Creation & Execution

Develop and manage the RFI/RFP processes to identify suitable partners.

#### Product Selection & Vendor Evaluation

Assist in selecting the right Workday modules and vendors for your needs.

#### Customer Relationship Building

Leverage our network of senior level talent to connect you with clients outside of the traditional Workday customer base.

### → Implementation Deployment

#### Client-Side Advocacy

Provide dedicated support and expertise to ensure satisfaction.

#### Legacy System Support

Ensure the "lights stay on."

#### Business Process Redesign

Optimize processes to align with Workday best practices.

#### Integration

Seamlessly integrate Workday with existing systems.

#### Data Conversion

Migrate data from legacy systems to Workday.

#### Workday SME Support

Offer deep knowledge and experience in Workday functionalities.

#### Project Recovery

Solve implementation challenges.

### → Post-Implementation

#### Continuous Process Improvement

Identify and implement ongoing enhancements.

#### Reporting & Analytics

Develop tailored reporting solutions for data-driven decision-making.

#### Best Practices

Adhere to industry leading Workday best practices.

### Optimization

Continuously refine Workday configurations for optimal performance.

### Renewals & Customer Satisfaction

Manage renewal processes and ensure client satisfaction.

### New SKU Identification

Support the addition of new Workday modules.

### End-User Training & Adoption

Ensure successful user adoption through training programs.

## → Integrum AMS

An elevated post-production support model that goes beyond the traditional “help-desk” experience.

### Talent On-Demand

### Flexible Pricing Model

### Transition Road-Mapping

### Speed and Accessibility

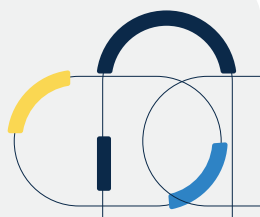

### Ticket Prioritization and Distribution

### Client-Facing Architects/Engagement Leads

## Client Testimonials

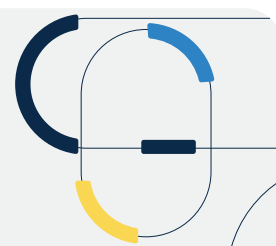

“We’ve been with Integrum from the beginning and deeply value and trust them as partners.”

Steve Munson.  
CIO. American University.

“Integrum has been the solution we’ve been searching for in a Managed Service provider. We were unhappy with our prior vendor’s rigid, impersonal model and Integrum has brought the level of service and flexibility our organization demands.”

CHRO, Large Healthcare System.

“Integrum came into the conversation through a referral. From the moment we met, everything was fast. They understood our needs and were able to upright the ship that we were sinking on with our Workday Implementation.”

EVP of HR, Leading US Beer Distributor.
